49 *and* MARKET

Nancy Wethington, 2023 Design Team

Grandma's Brag Book

49 & Market Products used for this project:

- Create-An-Album 4x6 Waterfall Enclosure Set
- 12x12 Christmas Spectacular Collection
- Christmas Spectacular Bubbles & Baubles
- 12x12 Christmas Spectacular Transfer Sheet
- Christmas Spectacular Ephemera Bits

Other Supplies Needed:

- Adhesive
- Pop-Ups
- Paper Trimmer
- Ink for paper edges

Note: Save the branding strips of the 12x12 papers to use as embellishments. I'm using waterfall in a horizontal booklet.

OUTSIDE Front Covers:

1. Cut a piece of 12x12 Christmas Spectacular #CS23-24111 from the lower right corner measuring 5-3/4" wide x 5-3/4" tall. Save the rest for another "booklet". Cut this piece into 2 pieces as follows: (1) Measure from the top down to 3-3/4". This piece will be used for the booklet front. (2) cut a piece that is 1-3/4" W x 3-3/4" T for the small flip cover. Adhere both these pieces to the front covers.
2. Pop-up embellishments from the Ephemera Collection: Front door, Christmas tree and Santa's mailbox.
3. Add pieces of branding strips to the outside spines, each 3/8" wide x 3-3/4" tall.

Inside Booklet:

There are 4 pages inside the booklet. The papers shown are what I used. Choose your 3 favorite papers from the collection and cut as follows:

1. Cut two pieces from each paper 3-3/4" wide x 3-3/4" tall. Add each piece to one of the four pages (front & back) with black edges showing all around.
2. Cut one piece for the last photo 4-1/4" wide x 3-3/4" tall.
3. Cut a piece of green/red plaid 1-3/4" wide x 3-3/4" tall and adhere to the inside left flap.
4. Cut a piece of small green check 4-3/4" w x 3-3/4" tall and adhere to the inside black flap - placing it towards the right side of the page. Using a piece of leftover green/red plaid, cut a piece 2" wide x 3-3/4" tall and adhere on 3 sides only to the left side of the flap, creating a pocket. Add a piece of leftover paper, 3" tall x 5" wide for an insert.
5. Add pieces of branding strip 3/8" wide x 3-3/4" tall to the inside spines.

Back Cover:

1. Cut a piece of green/red plaid 5-3/4" wide x 3-3/4" tall and adhere to back booklet.

To Finish: Because the photos will take up room in this booklet, I chose not to use the brads on the circles as they are meant to be used. Instead, splay the ends of the brads on the back of the circles and pop-up the circles.

Add the string around one of the circles and tie a knot. To the other end of the string, add two pieces of "bubbles" back-to-back.
